To Whom It May Concern:

I wanted to take the time to personally thank Southeastern Telecom for the exceptional service that was rendered during our latest facility move in Raleigh North Carolina. With the assistance of Sales Representative Jason Zoller and the Operation Manager Joe Stecher the move went off flawlessly. The level of professionalism that was exuded and the ability to listen and understand what our needs where was impeccable. It is this type of teamwork that has assisted in our company success. Thank You.

Respectfully,
